VSAarts of New York City is proud to present its 2008 Mural Project. One of the most imaginative programs of VSAarts of New York City was the development of the Annual Murals Project, which stimulated a response from hundreds of classes, celebrating the richly diverse cultures in New York City. Dr. Bebe Bernstein, director of VSAarts of New York City, extends her appreciation to all of the students, teachers, and administrators who participated and contributed to the success of this project. It demonstrates the sharing spirit of our city.

The Murals on exhibit were created for and displayed at the New York City VSAarts Festivals. This year's theme centered on "Live and Learn through the Arts in New York City". Thirteen of these Murals have been selected to be highlighted in the 2009 VSAarts NYC Calendar. The calendar serves to increase public awareness and recognition of the contributions of pupils with disabilities in the arts.
