

Side by Side: Jessica Fuentes & Deion Foster
Visual Art Medium: drawing
White Plains, NY

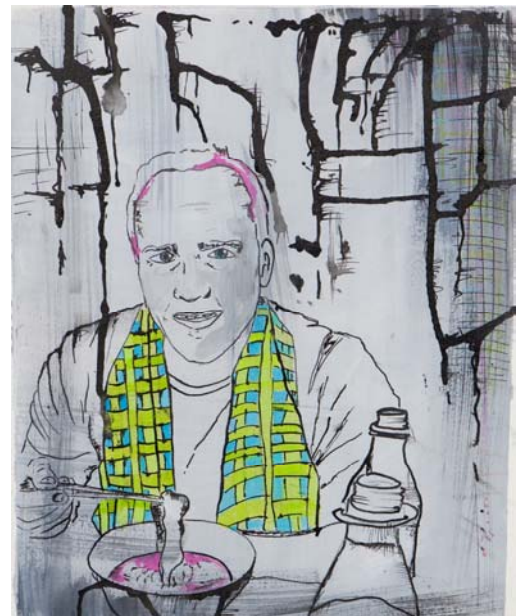

“Deion has truly benefited from the one-to-one learning environment. He has learned patience when it comes to creating artwork, and has a better understanding of the importance of artistic process. Having a chance to work one-on-one with a student was a delightful experience. Giving my undivided attention to one student helped my instructions to be more effective and my feed back more clear.”
